2. TERM.

The initial term of this agreement is (CUSTOMER'S SIGNED CONTRACT) from the date that the Service is first used ("Activation Date") and will continue on a month-to-month basis thereafter. Valley Center Wireless reserves the right to change the price of the Service at any time after the initial term upon 30 days notice. Prices for other Valley Center Wireless services may change at any time upon 30 days notice and will be posted on the Valley Center Wireless web site: www.vcweb.org. 3. THE SERVICE.

- Broadband Internet access and associated equipment, but does not include a router, which is part of your internal network. (also see special notes/conditions on page 6)

The Service speed can vary depending on Internet traffic and other factors beyond the control of Valley Center Wireless.

To ensure equal Internet access for all subscribers, we maintain a running average fair access policy. Fair access establishes an equitable balance in Internet access across high speed Internet services by service plan for all customers regardless of their frequency or traffic usage. To ensure this equity, customers may experience some temporary throughput limitations. This policy applies to all service plans. Valley Center Wireless provides the Service on a "best effort" standard and does not guarantee upload or download speeds.

4. CANCELLATION.

If you are dissatisfied with the Service or any related terms, conditions, rules, policies, guidelines, or practices, your sole remedy is to discontinue using the Service, cancel your account, and pay any cancellation fees that apply. Valley Center Wireless is providing equipment to you for your use of the Service. **Cancellation of the Service by you before the initial term of the agreement ends will result in a \$200.00 charge.** Cancellation of the service by you before the activation date will not result in a charge. If you move within the Valley Center Wireless service area before the end of the agreement term and we are unable to service your new location, the cancellation fee will be pro-rated based on each 6 month service completed.

To cancel the Service you must call 760-749-0828, or email accounting@vcweb.org. **Cancellation will be effective at the end of the billing cycle in which notice of cancellation is received.** Valley Center Wireless may terminate this Agreement, your account, or your use of the Services for any reason, including, without limitation, if Valley Center Wireless, in its sole discretion, believes you have violated the Agreements or if you fail to pay any charges when due. Termination notice will be by email or U.S. Mail to the address you provided for the Service. All notices to you shall be deemed effective on the fourth (4th) day following the date of the mailing. Valley Center Wireless will make its best effort to provide the Service. Because of the complex nature of high speed internet services, availability, and the underlying infrastructure, it may not be possible to provide the Service to everyone. Valley Center Wireless Privacy Policy

Your privacy is very important to us. We want to make your experience on the Internet as enjoyable and rewarding as possible, and we want you to use the Internet's vast array of information, tools, and opportunities with complete confidence.

We have created this Privacy Policy to demonstrate our firm commitment to privacy and security. This Privacy Policy describes how Valley Center Wireless collects information from all end users of Valley Center Wireless' Internet services (the "Services")—those who access some of our Services but do not have accounts ("Visitors") as well as those who pay a monthly service fee to subscribe to the Service ("Members")—what we do with the information we collect, and the choices Visitors and Members have concerning the collection and use of such information. Valley Center Wireless requests that you read this Privacy Policy carefully.

Voluntary Customer Surveys

We may periodically conduct both business and individual customer surveys. We encourage our customers to participate in these surveys because they provide us with important information that helps us to improve the types of services we offer and how we provide them to you. Your personal information and responses will remain strictly confidential, even if the survey is conducted by a third party. Participation in our customer surveys is voluntary.

We take the information we receive from individuals responding to our Customer Surveys and combine (or aggregate) it with the responses of other Valley Center Wireless customers to create broader, generic responses to the survey questions (such as gender, age, residence, hobbies, education, employment, industry sector, or other demographic information). We then use the aggregated information to improve the quality of our services to you, and to develop new services and products. This aggregated, non-personally identifying, information may be shared with third parties.

Special Cases

It is Valley Center Wireless' policy not to use or share the personal information about Visitors or Members in ways unrelated to the ones described above without also providing you an opportunity to opt out or otherwise prohibit such unrelated uses. However, Valley Center Wireless may disclose personal information about Visitors or Members, or information regarding your use of the Services or Web sites accessible through our Services, for any reason if, in our sole discretion, we believe that it is reasonable to do so, including: to satisfy laws, such as the Electronic Communications Privacy Act, regulations, or governmental or legal requests for such information; to disclose information that is necessary to identify, contact, or bring legal action against someone who may be violating our Acceptable Use Policy or other user policies; to operate the Services properly; or to protect Valley Center Wireless and our Members.

Valley Center Wireless' Commitment to Data Security

Services and Web sites we sponsor have security measures in place to protect the loss, misuse, and alteration of the information under our control. While we make every effort to ensure the integrity and security of our network and systems, we cannot guarantee that our security measures will prevent third-party "hackers" from illegally obtaining this information.

The continued posting of off-topic articles is prohibited. Commercial advertisements are off-topic in most newsgroups, especially regional groups not specifically named for such. The presence of such articles in a group is not indicative of the group's "intended" use. Please familiarize yourself with basic Usenet netiquette before posting to a newsgroup. Valley Center Wireless considers "multiposting" to 10 or more groups within a two week sliding window to be excessive.
